Employee engagement

Employee engagement is about a person's connection to their organisation. It is a global measure of employee experience.

Many factors influence engagement: leadership, a positive and inclusive work culture, manager support, accountability, and flexible work to name a few.

		2020 % favourable	2019 % favourable	Sector % favourable	Cluster % favourable	Parent % favourable

Job satisfaction

Like employee engagement, job satisfaction is a global measure of employee experience. While employee engagement operates at the organisational level, job satisfaction operates at the job or role level.

Role clarity and support, autonomy and feedback are some factors that impact job satisfaction.

Wellbeing, health and safety

Wellbeing means feeling good, functioning well, and experiencing satisfaction and fulfilment in work and life.

Role clarity and support

An employee has role clarity when they understand their goals, how to achieve these goals, and how the goals link to broader strategy.

Even when an employee does have role clarity, they need the right support to deliver. Support can come in the form of time, tools and technology, and training.

[See some tips for improving role clarity and support.](#)

Find out more about how the survey works

Survey period

The People Matter Employee Survey 2020 opened on Monday, 19 October and closed on Friday, 13 November. The survey usually runs in the middle of the year but was delayed due to the COVID-19 pandemic.

Employee engagement score calculation

Each person who answered all five employee engagement questions gets an employee engagement score. Each answer is assigned a score as follows:

- 100 to 'strongly agree'
- 75 to 'agree'
- 50 to 'neither agree nor disagree'
- 25 to 'disagree'
- 0 to 'strongly disagree'

The employee's engagement score is calculated as the average of the five question scores. Employees' scores are then averaged to calculate a team or organisation engagement score.

% favourable calculation

Most scores are shown as % favourable, which is the sum of the 'strongly agree' and 'agree' percentages.

Privacy

Responses from individual employees are confidential. Strict rules protect privacy at every stage of the survey process. These reports only show the results for a group of employees (i.e. a workgroup or demographic group) when there are 10 or more responses for the group.

Rounding

Results are presented as whole numbers for ease of reading. Results will not always add up to 100% due to rounding. Values less than 0.5 are rounded down. Values equal to or greater than 0.5 are rounded up.
