1 Policy overview

1.1 Purpose
This Policy and Procedures provides guidance on the key concepts of the complaint management procedures to Public Service Commission (PSC) staff and those people who wish to make a complaint. This Policy and Procedures is intended to ensure all complaints are handled fairly, efficiently and effectively.

1.2 Scope
This Policy and Procedures applies to complaints about the PSC, its services, products and/or how complaints are handled, originating from outside the PSC. This includes, for example, complaints about:

- decisions made by employees of the PSC
- the conduct of employees of the PSC, including the quality of service provided
- policies, procedures and practices of the PSC.

Complaints not covered by this Policy and Procedures include those relating to, for example:

- staff grievances – see Grievance Resolution Policy and Procedures (internal PSC policy)
- public interest disclosures – see Public Interest Disclosures Policy and Procedures (internal PSC policy)
- privacy complaints – complaints concerning breaches of privacy are referred to the General Counsel, who will manage the complaint in accordance with the Privacy and Personal Information Protection Act 1998 and Health Records and Information Privacy Act 2002
- access to government information – requests concerning access to government information are to be referred to the General Counsel, who will manage in accordance with the provisions of the Government Information (Public Access) Act 2009
- complaints received about another government sector agency – depending on the nature of the complaint, the complainant may be advised that in the first instance they should make the complaint to the appropriate agency.

The PSC may also not accept or action complaints relating to matters which have been previously dealt with or finalised, are outside its jurisdiction or which are vexatious or frivolous (as determined by the Director Corporate).

1.3 Key features
This Policy and Procedures is based on a number of clear principles, including:

- Commitment - being open to complaints and viewing them as a means to enhance service delivery and improve products, services, practices and procedures.
- Facilitation – publicising information about how and where complaints may be made.
- Resourcing – providing appropriate support and resources to employees to handle complaints, and empowering employees to implement the PSC’s Complaints Management Policy and Procedures as relevant to their role.
- Learning – regularly analysing, reporting and reviewing the subject matter and outcomes of complaints to measure the quality of the PSC’s service, for continuous improvement.
- Guidance – the PSC’s Complaints Management Policy and Procedures provides clarity regarding how complaints will be received, recorded, managed and reported.

1.4 **Key responsibilities**

This Policy and Procedures specifies the responsibilities of Executive members, Director Corporate, Managers, Employees and Complainants.

1.5 **Risk management**

Complying with this Policy and Procedures will considerably reduce risks associated with:

- inefficient and untimely handling of complaints
- dissatisfaction by clients with PSC services
- unfair, discourteous handling of complaints and breaches of complainant privacy
- decisions made without transparency and objectivity.

1.6 **Monitoring and review**

**Analysis and evaluation of complaints**

The Director Corporate will provide a biannual complaints report to the PSC Executive. This report will highlight the performance of the complaint management procedures over the previous six months and will include (but is not limited to):

- number and nature of complaints received during the reporting period
- number of complaints resolved during the reporting period
- time taken to investigate complaints
- issues arising from complaints
- action to address systemic issues (if any)
- the number of requests received for external review of complaint handling
- complainant satisfaction with the PSC’s procedures for investigating complaints.

Regular analysis of these reports will be undertaken to monitor trends, measure the quality of services and make improvements.

**Monitoring the complaint management procedures**

The Director Corporate will review the complaint management procedures on an annual basis to ensure the policy’s suitability for responding to and resolving complaints.

2 Policy Statement

The Public Service Commission (PSC) is committed to providing services of the highest quality. Key to meeting this commitment is using feedback from those who use the PSC’s services as opportunities to improve the quality of the services provided. Feedback can be in the form of a complaint.

A complaint is defined as an expression of dissatisfaction about the PSC, related to its products, services, policies, procedures, practices, staff or the handling of a complaint, where a response or resolution is explicitly or implicitly expected.

The PSC is committed to ensuring that complaints received are handled in a manner which is fair, courteous and respects the privacy of the person making the complaint. Further, the PSC is committed to ensuring that reasons are provided for decisions made in relation to any complaint received.

The PSC is also committed to making available simple procedures and the provision of all reasonable assistance to those who choose to make a complaint.

3.5 **Complainant responsibilities**

Complainants are responsible for:

- Attempting to resolve the matter early by contacting the relevant employee directly to try to settle the issue or concern informally.
- If unable to resolve the matter informally, following the PSC’s Complaint Management Policy and Procedures to lodge a formal complaint.
4 Complaint management procedures

The PSC’s complaint management procedures are based on a three tiered approach to complaints handling, as recommended by the Ombudsman NSW. The procedures recognise that, before a complaint is lodged, every effort will be made to resolve an issue early and informally at the first point of contact.

Three tiered approach -

<table>

<tr>
<th>Informal resolution</th>
<th>Formal resolution</th>

</tr>
</thead>
<tbody>
<tr>
<td>Staff empowered to resolve issues early and informally wherever possible</td>
<td>Complaint lodged and investigated - only when issue remains unresolved after informal discussions</td>
<td>Complainant advised of outcome and options available for further review if not resolved satisfactorily</td>
</tr>
</tbody>
</table>

The flow chart at Appendix 1 (A1) outlines the steps involved in the three tiered approach to complaint handling.

4.1 Informal resolution

Wherever possible, complaints are best resolved early and informally by the employee who the complaint is being made about. This is the most effective and service-focused way to resolve a problem.

Some examples of these types of complaints might be:

- a response to correspondence or telephone call
- an inconsistency in a policy or procedure
- an error in records.

Employees are empowered to resolve these issues wherever possible. As such, they have authority to:

- obtain necessary information to assess the validity of the complaint
- resolve issues or concerns
- inform the complainant of the entitlement to lodge a formal complaint if the issue or concern remains unresolved.

If the matter is dealt with to the satisfaction of the complainant at this stage, the employee concerned must log a basic record of the informal resolution in Complaints Register held by the Director Corporate - per Appendix 2 (A2).

The basic record in the Complaints Register must contain the following information:

- complaint number
- complainant’s contact information, if provided
- type of complaint ie related to employee, service, policy or procedure
- complainant satisfaction with the outcome.
4.2 **Formal resolution**

Where informal resolution of a complaint is not possible the complainant may lodge a formal complaint with the PSC.

There are four basic steps to deal with a formal complaint which are - receiving, acknowledging, investigating and reporting.
Step 1 – Lodging a complaint

Complaints can be received either orally or in writing. Wherever possible, complaints should be submitted in writing so that all aspects of the complaint can be accurately investigated. The Complaint Form at Appendix 3 (A3) provides an outline of the type of information that is required when lodging a complaint.

Written complaints can be made on the Complaint Form available at http://www.psc.nsw.gov.au/contact (should be link on homepage), or mailed to:

Director Corporate
GPO Box 3988
Sydney 2001

Oral complaints may be made by phoning the PSC Reception on 02 9272 6000. The PSC Reception will take some basic details before referring the call to the Receiving Officer in the Corporate Unit.

The Receiving Officer in the Corporate Unit will create a record of the complaint, and should:

- work through the Complaint Form with the complainant, listening carefully to document the complaint as dictated
- provide further information about the complaint management procedures
- have the complainant sign the Complaint Form (where possible) or acknowledge the complaint details
- provide the complainant with a copy of the Form
- refer the record of complaint to the Director Corporate.

Anonymous complaints

While anonymous complaints are not encouraged, they are accepted. They may be lodged either in writing or accepted by an employee as an oral statement. Complainants are encouraged to provide as much information as possible which may be of assistance when assessing the complaint. It should, however, be noted that an anonymous complaint might be more difficult to investigate as, for example, further details of the circumstances relating to the complaint might be difficult to obtain, and it will be difficult to provide feedback on the complaint.

Providing assistance

The PSC will provide all reasonable assistance to those who need help to communicate in relation to the complaint. Assistance may include, for example, access to an interpreter service or agreement to a personal interview during which the details of the complaint can be written down on the complainant's behalf.
Step 2 – Registering, allocating and acknowledging a complaint

Registering a complaint
All formal complaints must be recorded in the Complaints Register held by the Director Corporate. The Director Corporate will be responsible for maintaining the Complaints Register per Appendix 2 (A2).

The register must contain the following information:

- complaint number
- complainant's contact information, if provided
- type of complaint ie related to employee, service, policy or procedure
- name of investigating officer/branch assigned to manage the complaint
- time taken to investigate complaint
- outcome of complaint
- action recommended to address systemic issues (if any)
- complainant satisfaction with the outcome.

To maintain confidentiality, access to the Complaints Register and all associated documents (both electronic and paper based) will be restricted to the Director Corporate, the investigating officers and other officers approved by the Director Corporate.

Allocating a complaint
Once a complaint is lodged, the Director Corporate will undertake a review to ensure the complaint:

a) has not been previously dealt with or finalised
b) is within the Policy's jurisdiction
c) is not vexatious or frivolous.

The Director Corporate will then consider how to allocate the complaint, and will either:

a) refer the complaint to the appropriate member of the PSC Executive (generally a formal complaint involving a particular branch will be managed by the PSC Executive member of that branch); or
b) refer the complaint to another member of the PSC Executive if it is not appropriate to allocate the complaint to the PSC Executive member involved, for example:
   - there may be a potential conflict of interest
   - the complaint relates to the PSC Executive member, or
   - the complainant requests it; or

   c) engage someone to investigate the complaint.
The designated PSC Executive member will be responsible for:

a) nominating the investigating officer; and
b) ensuring the complaint is managed fairly, reasonably and within an appropriate timeframe (refer Step 3 – Resolution timeframes).

In all cases the Director Corporate is responsible for the overall monitoring of an internal reviews progress and ensuring the complainant receives a response/decision within 60 days, or otherwise receives an explanation as to when a response will be provided.

**Acknowledging a complaint**

Complaints should be acknowledged within five working days of receipt of the complaint.

The acknowledgment should:

- reassure the complainant that the complaint is valued
- request any further information that is considered necessary to investigate the complaint
- outline how the complaint will be managed, including an estimated timeframe for resolution
- establish how progress reports will be provided, if necessary
- provide contact details for the investigating officer.

Corporate Unit have an Acknowledgement Letter template, if required.
Step 3 – Investigating a complaint

Conducting an investigation
The investigation process must be objective, reasonable and conducted in good faith. Decisions must be made on the weight of evidence and on the balance of probabilities.

Investigating a complaint may include:
- clarifying the details provided in a complaint
- identifying actions taken to resolve the issue before the complaint was lodged
- analysing information from relevant file notes, correspondence and/or other sources
- reviewing details of the complaint
- reviewing documentation submitted by the complainant
- reviewing previous administrative decisions or actions
- interviewing complainants, employees and/or other individuals involved in the complaint
- reviewing relevant policies, procedures, practices and/or legislation
- reviewing previous complaints about the same issue.

A Case Management Form is provided at Appendix 4 (A4) to assist investigating officers. This can be used to record and track the complaint process.

Resolution timeframes
Complaints will be investigated as promptly as possible. Complaints should normally be resolved within 60 days. However, the PSC recognises that complaints can be sensitive and complex and may require detailed investigation. Therefore the complexity of, and the resources available for, an investigation into a more complex issue will result in more time being taken to finalise a complaint. In these circumstances, the rationale for the extended time for resolving the complaint must be explained to the Director Corporate, as well as communicated to the complainant, who will be kept informed on a regular basis of progress on the resolution of the complaint.

Corporate Unit have a Delay Letter template, if required.

Record keeping
The investigating officer will be responsible for ensuring complete and accurate recording of all material relating to an investigation into a complaint.

Details of each investigation should be contained within a discrete confidential complaint file (held on Objective), which should contain all correspondence, file notes of telephone conversations, interviews and findings from investigations, recommendations and internal approvals. The file should also contain evidence of the steps taken to investigate the complaint including a summary of actions in respect of recommendations (if any) made.

To maintain confidentiality, access to information filed about a complaint (both electronic and paper based) should be restricted to the Director Corporate, the investigating officers and other officers approved by the Director Corporate.
Procedural fairness
A decision that directly affects the rights or interests of a person or organisation must be made in accordance with the principles of procedural fairness. A decision maker is required to follow a fair decision-making process, complying with two rules:

- the rule against bias, which is that a decision-maker should have no personal interest in the matter to be decided, have no bias as to the outcome and act in good faith throughout the process. Care should also be exercised to exclude perceived bias from the process.
- the hearing rule, which is that the decision-maker must ensure the affected person is notified that a decision may be made, and is given a reasonable opportunity to express their views before that occurs.

The PSC will apply procedural fairness in its handling of complaints made in accordance with this Policy and Procedures.

As set out in Step 2, the PSC will take steps to identify and manage conflicts of interest when allocating the investigating officer. The decision-maker on the complaint (which includes the investigating officer and Director Corporate) will approach each decision with an open mind and act in good faith throughout the complaint handling process.

The PSC will observe the hearing rule through the following steps:

- it will acknowledge the complaint received from a complainant
- the investigating officer will present preliminary findings to the complainant and provide the complainant with a reasonable opportunity to respond before making a decision
- the decision maker will consider any response by the complainant before making a decision
- the decision maker will provide the complainant with reasons for their decision
- if a complainant is not satisfied with the outcome of a complaint, the complainant will be advised of their right to seek external review.

Outcome of an investigation
Following consideration of the complaint and any investigation into the issues raised, the investigating officer will provide the PSC Executive member with a written report, detailing the findings and making recommendations regarding appropriate action and/or system improvements, as appropriate.

Outcomes that may result from an investigation may include, but are not limited to:

- varying a decision
- a written/verbal apology
- an explanation
- changes to a service provided by the PSC
- a review of policies/procedures/practices and changes to those policies/procedures/practices
- staff training
- disciplinary action.

In some circumstances, no further action on a complaint may be recommended. The rationale for this course of action may include:

- the matter has been investigated by the PSC and it is considered that all actions to address the complaint have been satisfactorily completed
- the matter is currently being managed by an external agency
- the matter has already been adequately managed by an external agency

An Investigation Report template is provided at Appendix 5 (A5).
Step 4 – Advising the complainant

At the conclusion of the investigation, written correspondence must be provided to the complainant outlining the preliminary key findings and/or recommendations made concerning the complaint, and offering the complainant an option to respond.

Following this process, a written response setting out the final outcome must be drafted by the investigating officer and signed by the Director Corporate before forwarding to the complainant.

The written response should:

- provide the outcome of the complaint and any action to be taken arising out of the complaint
- the reasons for any decisions that have been made
- any remedy or resolution that has been offered, and
- any options for review that may be available to the complainant, such as an external review.

Corporate Unit have a Response Letter template, if required.

Closing the complaint

At the time of closing the complaint the investigating officer will update the Complaints Register and Objective record with the following:

- steps taken to address the complaint
- the outcome of the complaint, and
- any undertakings or follow up action required.

4.3 External review

If a complainant is not satisfied with the outcome of the investigation by the PSC, they can seek an external review of their complaint by, for example, the NSW Ombudsman, the NSW Procurement Board, the Independent Commission Against Corruption (ICAC), the Audit Office of NSW, or the Anti-Discrimination Board of NSW.
