## 1 Background

The *Classification and Remuneration Framework for NSW Government Boards and Committees* (the Framework), aims to ensure a consistent, equitable and fiscally responsible approach to determining fees payable to part time board chairs and members. It provides a clear and consistent method to guide decisions about the remuneration of individual boards and committees. It includes a classification structure (principles, criteria and levels by which to categorise different types of boards and committees) and a remuneration structure (fee levels for the different classifications).

The development of the Framework was part of the NSW Government's wider reforms to governance arrangements for government entities recommended by the *Commission of Audit Interim Report: Public Sector Management* and was released in December 2012 via *Premier's Memorandum 2012-18 Classification and Remuneration Framework for NSW Government Boards and Committees*. The reforms also included an immediate freeze on fees – daily and annual - for existing boards and committees until 1 July 2014, with subsequent annual increases between zero and 2.5 per cent subject to Cabinet approval. However, no general increase has been approved and the freeze has continued to be in force, apart from the application of the revised daily sitting fees.

There was a staged approach to implementation of the Framework. Boards and committees in existence at December 2012 were classified into the Framework from 1 July 2014, following consultation with portfolio Ministers. New boards and committees, established from December 2012, were immediately subject to the Framework's classification and remuneration structure, including the revised daily sitting fees at 2.1.

In addition, a [list of boards and committees](#) under the Framework was published on the Public Service Commission website and it continues to be updated and made available.

When the Framework was released in 2012 it applied to NSW Government boards and committees where appointments required Cabinet approval. On 29 September 2015 the Government announced changes to board and committee Cabinet approval processes via *Premier's Memorandum 2015-04-Appointments to NSW Government Boards and Committees*. Effective from 1 October 2015, Cabinet approval for Ministerial appointments to boards and committees is only required for appointments identified as significant or high level. Ministers may directly approve other appointments. These changes did not affect the application of the Framework which continues to apply to boards and committees where appointments require Ministerial approval – either by Cabinet or directly by a Minister.

## 2 Fees

### 2.1 Revised daily sitting fees

<b>Fees effective from 1 July 2014</b>		
	<b>Chairperson</b>	<b>Member</b>
<b>Full day</b>	\$350	\$220
<b>Half day</b>	\$175	\$110

### 2.2 Application of fees

Fees – both daily and annual – are to cover all meetings of the entity and other official business of the entity. Other official business of the entity includes, but is not limited to: attendance by members on official visits; training and conferences; and, meetings with the Minister or other public officials. The daily sitting fees are not to be paid for preparation or reading time.

## 3 Process under the Framework

### 3.1 Entities covered

The Framework applies to NSW Government boards and committees where appointments require approval by Cabinet or a Minister.

### 3.2 Consultation with the Public Service Commissioner

As part of the establishment process for new entities, Ministers are to consult the Public Service Commissioner to determine the appropriate classification and remuneration level for **both paid and unpaid** boards and committees covered by the Framework.

Classification of an entity does not mean that the payment of fees is mandatory or automatic. The decision to pay fees is a matter for Ministers.

Specific remuneration offers to existing or prospective board members should not be made without first consulting the Commissioner and obtaining her recommendation.

### 3.3 Proposed classification and remuneration level

Agencies advising Ministers should use the Framework to arrive at a proposed classification and remuneration level for the entity.

The first step is to determine an appropriate Framework Group for the entity. Templates have been developed for each Framework Group to assist in this process. PSC staff are also available to help.

### 3.3 Public Service Commissioner's recommendation

The Commissioner will review the proposed classification and remuneration level and make a formal recommendation to the Minister. All proposals will be processed within 10 days of receipt – subject to sufficient information being submitted.

Ministers' signed requests should be emailed to [boardremuneration@psc.nsw.gov.au](mailto:boardremuneration@psc.nsw.gov.au).

Agencies advising Ministers will need to ensure that the time required to consult the Commissioner is factored into their planning. Appointment recommendations cannot go forward to Ministers or Cabinet without the Commissioner's recommendation on the appropriate classification and remuneration level.

### 3.4 Fee variations

Fees may not exceed the level recommended by the Commissioner in accordance with the Classification and Remuneration Framework.

However, a Minister may decide, depending upon the individual circumstances of an entity, that a lower annual fee may apply, or that members of the entity shall receive daily sitting fees only.

Ministers may also decide to pay no fees at all for an entire board or committee. Individual Members may also elect to not be paid.

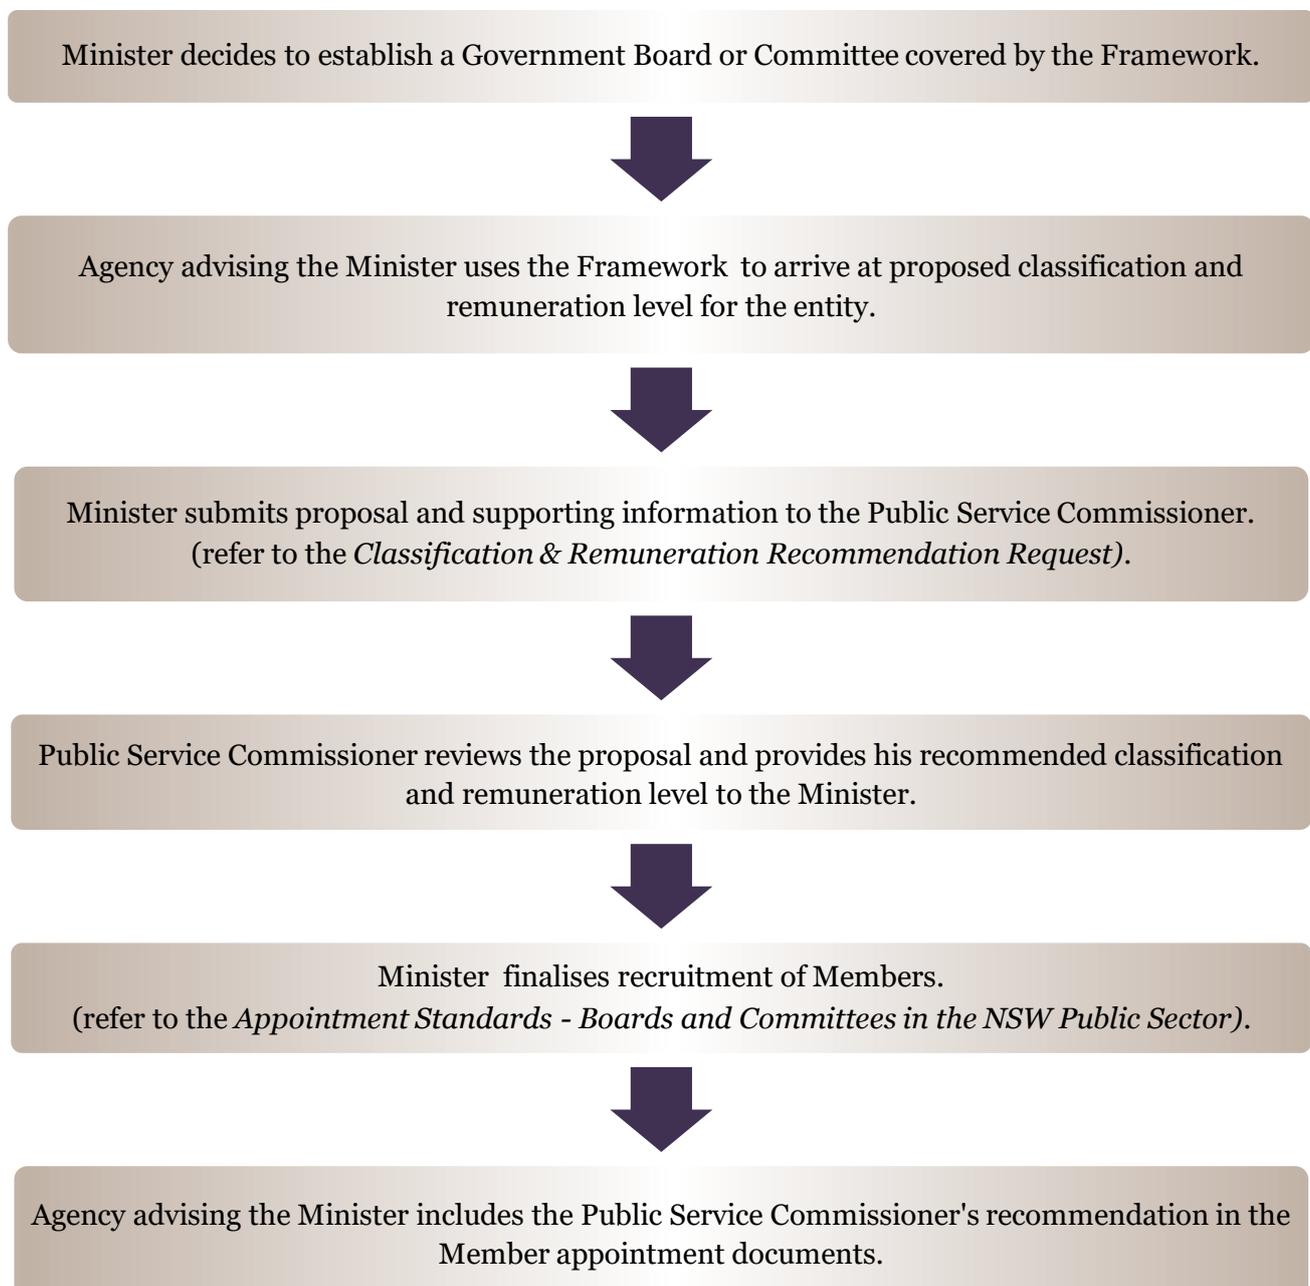

If the governing statute provides for an ongoing position of Deputy Chair, the member appointed to that position may receive a loading of up to 15 per cent on the annual fee otherwise payable.

When a Chairperson is absent and another member assumes the role of Chair, an additional fee will be payable for the period the member acts as the Chair. The additional payment would be the difference between the Chairperson's fee and the member's fee pro rata for the period of the Chair's absence.

### 3.5 Submission to Cabinet-new boards and committees

In the case of a new board or committee, the Commissioner's classification and remuneration recommendation must accompany appointment documents submitted to Cabinet for approval of inaugural appointments. The Appointment Form – NSW Government Boards and Committees makes provision for this information.

### 3.6 Overview of the process

## 4 How to use the Framework

### 4.1 Explanatory notes about framework headings

Explanatory notes for the Framework's main headings are as follows:

Group	Level	Criteria	Remuneration Range
The Framework has five groups which differentiate boards and committees by entity nature or type.	The five groups contain a number of levels that indicate the significance of the entity – the higher the numeric value, the more significant the entity.	Each level includes a number of criteria describing typical characteristics of an entity at that level.  These are used to allocate an entity into the appropriate level.  The criteria in each level are of equal importance and one, several or all of the criteria can be used to allocate an entity.	Different remuneration ranges apply to the levels in each group.  The majority of ranges are expressed as annual amounts but Ministers may apply the daily sitting fee, or no fee, to an entity as appropriate.

### 4.2 First step – determine the group

The first step is to determine the appropriate group for the entity being classified. Each group is colour coded with separate guidance material.

Refer to the information below to determine the appropriate group then proceed to the section shown in the last column.

Group	Description	Criteria	Go to section
<b>A</b>	<b>Boards of Governance: Primary Entities</b>	Boards of State Owned Corporations (SOCs), Trading Enterprises, Trusts and Public Financial Enterprises	<b>5</b>
<b>B</b>	<b>Boards of Governance: Secondary Entities</b>	Boards of Management Authorities and Non-SOC Public Trading Enterprises	<b>6</b>
<b>C</b>	<b>Advisory Boards, Councils and Committees</b>	Ministerial Councils, Ministerial Boards of Advice and Management Advisory Entities	<b>7</b>
<b>D</b>	<b>Tribunals, Regulators, Selective Authorities and Quasi-Judicial Bodies</b>	Tribunal, Independent Commission, Quasi-Judicial Body or Authority	<b>8</b>
<b>E</b>	<b>Registration, Licensing and Accreditation Entities</b>	Independent Registration, Licensing, Accreditation, Regulatory and Advisory Bodies	<b>9</b>

### 4.3 Second step – determine proposed level and remuneration

Once the Group has been determined, the proposed level of remuneration can be determined on the basis of the entity's role and responsibilities.

Each Group contains a number of levels differentiated by certain entity characteristics. These characteristics include, but are not limited to:

- financial profile
- accountability
- focus
- scope of risk
- expertise and qualifications of members, and
- time commitment of members.

An entity may meet one or more of the criteria applicable to a level. Each level provides for a range of annual fees, or in some cases a daily fee. Fees may be proposed at any point in the range, but may not exceed the maximum of the range for that level.

In the case of new entities, it would be appropriate for Members to receive fees at the entry or lower level of the range. If it is considered necessary to pay fees at the upper end or maximum of the range, the reasons must be included in the supporting information provided to the Public Service Commissioner. The impact of higher fees on the entity's budget must also be explained.

Further information is contained in Sections 5, 6, 7, 8 and 9, including the following details for each group:

- a *Classification & Remuneration Recommendation Request* form
- explanatory information about the request form
- example request form entries
- sample covering letter

### Section 1f – Characteristics Rating

This section requires information about the entity's autonomy, scope of risk, focus, and expertise and time commitment of members.

Further information about each row in this section is below.

Independence from Government

Highest	3. <input type="checkbox"/> High	→	2. <input type="checkbox"/> Moderate	→	1. <input type="checkbox"/> Low	Lowest
---------	----------------------------------	---	--------------------------------------	---	---------------------------------	--------

**High**

A **high** rating applies to an entity with a high degree of autonomy in operational reviews and strategic planning, and primary accountability for budget and staffing, including recruitment of executives.

**Moderate**

A **moderate** rating indicates an entity with significant influence over strategy, staffing, budget approval and revenue management.

**Low**

A **low** rating reflects an entity with shared responsibility and accountability with a co-ordinating Government agency for strategic planning, resourcing and recruitment, together with a significant dependence on Government for its funding.

**Independence from Government**

This is a measure of an entity’s autonomy in relation to strategic planning, operations and funding.

The rating definitions are to the left.

Scope of risk

Highest	3. <input type="checkbox"/> High	→	2. <input type="checkbox"/> Moderate	→	1. <input type="checkbox"/> Low	Lowest
---------	----------------------------------	---	--------------------------------------	---	---------------------------------	--------

**High**

A **high** rating applies where an entity’s failure would have a critical, possibly devastating, impact on the State or an industry.

**Moderate**

A **moderate** rating applies where an entity’s failure would have a significant and direct impact on the reputation of an agency or the entity, with potential flow-on effects to other agencies within a Ministry.

**Low**

Entities with a **low** rating are ones with low risk exposure for the Government and the State. This will likely be entities where the primary accountability rests with a co-ordinating agency and/or the entities’ budgets are largely dependent on another body.

**Scope of Risk**

This reflects the significance of the entity to the State’s economy or growth by, for example, indicating the potential impact of an entity’s failure to provide a service or meet an economic target.

The rating definitions are to the left.

Focus

Highest	4. <input type="checkbox"/> State	→	3. <input type="checkbox"/> Industry	→	2. <input type="checkbox"/> Regional	→	1. <input type="checkbox"/> Local	Lowest
---------	-----------------------------------	---	--------------------------------------	---	--------------------------------------	---	-----------------------------------	--------

**Focus**

An entity’s focus indicates its principal sphere of influence or interest. This can be either at a local or community level, for a geographic region, specific industry or state-wide.

Qualification for appointment

Highest	3. <input type="checkbox"/> Critical	→	2. <input type="checkbox"/> Significant	→	1. <input type="checkbox"/> Moderate	Lowest
---------	--------------------------------------	---	---	---	--------------------------------------	--------

### Critical

A **critical** rating applies when:

- the expected expertise is of the highest professional, technical or management level
- the expected expertise is acquired from long professional, technical or management experience in dealing with complex issues
- the consequence of error in dealing with complex issues is serious, particularly in relation to its impact on the State’s economy, its citizens or the Government’s reputation.

### Significant

A **significant** rating applies when:

- the expected expertise is gained over many years through dealing with complex policy, economic, industry or demographic issues
- the expected expertise is acquired following tertiary training or university degree equivalence in a profession (including medicine and law), in science, engineering, education, a technical or social sciences area.

### Moderate

A **moderate** rating applies when:

- the expected expertise arises from an individual’s maturity, broad experience in an employment or industry sector, or wide community engagement where knowledge has been acquired, primarily through life experience.

Time commitment of members

Highest	3. <input type="checkbox"/> High	→	2. <input type="checkbox"/> Moderate	→	1. <input type="checkbox"/> Low	Lowest
---------	----------------------------------	---	--------------------------------------	---	---------------------------------	--------

### High

A **high** rating applies when the time commitment of members is greater than 3 days per month.

### Moderate

A **moderate** rating applies when the time commitment of members is less than 1 – 3 days per month.

### Low

A **low** rating applies when the time commitment of members is less than 1 day per month.

## Qualification for appointment

The expertise required of members will vary depending on the governance objectives of the entity. There are three broad strands of expertise - Critical, Significant and Moderate.

The rating definitions are to the left.

## Time commitment of members

The length of time members are required to commit to board and committee work can vary from less than one day per month to more than eight days per month. The relative time demand on members is useful in determining the appropriateness of paying the daily rate versus the annual rate. If the time demand is low it may be more appropriate to pay the daily rate.

The rating definitions are to the left.

### 5.4.2 Section 2 – Proposed level and remuneration

Section 2 – Proposed Level and Remuneration requires application of the Framework criteria using the ratings entered in Section 1 Entity Details, to propose a classification level and remuneration level for the entity.

For this group, the financial profile of an entity is often the key determinant of its level. The anticipated range of financial responsibility for a particular level is generally indicated by the criterion listed as no. ‘i’ for that level. For example, A5.i specifies ‘revenue of \$1 billion to \$3 billion or total assets of between \$2 billion and \$6 billion, financial assets/investments between \$10 billion and \$40 billion and expenditure of between \$850 million and \$2.5 billion or a combination of these criteria.’

In applying the Framework criteria, you should have regard to the characteristics listed on the form, together with the entity’s function and nature.

The criteria selected should be indicated on the form and the reasons for that choice outlined in the space provided. The corresponding level of the selected criteria is the proposed level entered on the form.

The Framework will specify a remuneration range for the proposed level. The proposed remuneration indicated on the form must be within the range for the level, below that range, or no fees.

### 5.5 Example request form entries for Group A

Remember that for Group A the financial indicators are often the key determinant for the appropriate level and the greater the financial responsibility the higher the level.

#### Step 1

As a first step, the ratings entered in Section 1e Financial Profile can be used to establish the level.

Here is an example of the ratings entered in this section for a sample entity (highlighted yellow).

*Note, it is not necessary to complete all components of the Financial Profile.*

A5-i Boards of management overseeing revenue of \$1 billion to \$3 billion or total assets of between \$2 billion and \$6 billion, financial assets/investments between \$10 billion and \$40 billion and expenditure of between \$850 million and \$2.5 billion or a combination of these criteria.

*Note: If the financial profile crosses more than one level, the agency would select the level that contained the majority of matching indicators. Eg if the Revenue and Expenditure fit within level A5-i but Total assets fit within A4-i, the agency would select A5-i as it contains the most matching indicators*

#### Step 2

Go to the Framework and review the criteria labelled ‘i’ in each level to find a match. The financial profile in step 1, best fits the financial indicators for A5-i (highlighted yellow).

### Step 3

If Steps 1 & 2 using the financial ratings are not conclusive, then the next step is to apply the other criteria.

The information entered in *Section 1f - Characteristics rating* is used for this assessment

The ratings entered in this section for the sample entity are to the left (highlighted green).

### Step 4

Go to the Framework and review the remaining criteria for level A5. The ratings at Step 3 for *Independence from Government* and *Qualification for appointment* best fit A5-ii and the rating for *Focus* best fits A5-v (highlighted green).

#### f. Characteristics rating

Use the information at 1d. Select one option per row.

##### Independence from Government

A5-i Boards of management overseeing revenue of \$1 billion to \$3 billion or total assets of between \$2 billion and \$6 billion, financial assets/investments between \$10 billion and \$40 billion and expenditure of between \$850 million and \$2.5 billion or a combination of these criteria.

A5-ii Boards of management with a critical economic or social impact and/or a very high degree of operational independence from Government and/or requiring the highest level of managerial or professional expertise.

A5-iii Boards with critical governance or regulatory functions determined by the Premier and Cabinet to warrant classification at this level.

A5-iv Entities classified at level 5 are broadly comparable to those at level 6 other than in respect of scale.

A5-v Entities at this level will have an industry or regional impact or state-wide impact associated with the oversight of multiple stakeholder interest and/or major segments of the community or the state's economy or budget outcome. Risk management would be of a high order and consequence of error have a near term critical impact on the state's economic welfare.

A5-vi Entities will have primary accountability with respect to strategy and often shared accountability with respect to staff, budget and/or revenue management

**Remember, the criteria in each level are of equal importance and one, several or all of the criteria within a level can be used to allocate an entity.**

## Step 5

The next step is to enter the proposed level and remuneration at *Section 2 - Proposed Level and Remuneration*. This section has the following sub sections:

### Section 2 (a) - Proposed level

This section has a checkbox for each level and its criteria. A box is checked for the level to be proposed and for the corresponding criteria that apply to the entity.

### Section 2 (b) - Supporting comments for the proposed level

This section has a free text field to enter comments that demonstrate why the proposed level is appropriate.

### Section c – Proposed remuneration

This section has a checkbox for the available types of remuneration.

Three of the options include a free text field to enter monetary amounts. The monetary amounts must not exceed the maximum of the range specified for that level in the Framework. For Level A5 the specified remuneration range is:

**Chair: \$80,001 to \$110,000 per annum**

**Member: \$50,001 to \$70,000 per annum**

The selections entered in this section for the sample entity are above (highlighted blue).

**a. Proposed level**  
Select only one level, and select one or more of its criteria that best apply.

<input type="checkbox"/> <b>Level A6:</b>	The criteria that best apply are:	<input type="checkbox"/> A6-i	<input type="checkbox"/> A6-ii	<input type="checkbox"/> A6-iii	<input type="checkbox"/> A6-iv

**b. Supporting comments for the proposed level**  
Insert comments to support the proposed level selected at 2a.

The financial characteristics for the (Entity Name) are a definite match with the financial indicators for level A5: Revenue is \$2.3 billion; expenditure including annual maintenance and asset replacement is \$1.8 billion. These costs are variable year on year with the inclusion of capital expenditure; Total assets are \$15 billion and staff 3,000. Several other characteristics also support the appropriateness of Level A5. (Entity Name) provides essential services to over 80% of the State's population with principal objectives to protect public health, protect the environment and be a successful business.

**c. Proposed remuneration**  
Select one option only and insert the \$ amount if applicable.

<input checked="" type="checkbox"/> <b>Annual fee-within the range:</b>	Chair:	\$80,001 per annum	Member:	\$50,001 per annum

### Section 1f – Characteristics Rating

This section requires information about the entity’s autonomy, scope of risk, focus and expertise and time commitment of members.

Further information about each row in this section is provided below.

Independence from Government

Highest	3. <input type="checkbox"/> High	→	2. <input type="checkbox"/> Moderate	→	1. <input type="checkbox"/> Low	Lowest
---------	----------------------------------	---	--------------------------------------	---	---------------------------------	--------

**High**

A **high** rating applies to an entity with a high degree of autonomy in operational reviews and strategic planning, and primary accountability for budget and staffing, including recruitment of executives.

**Moderate**

A **moderate** rating indicates an entity with significant influence over strategy, staffing, budget approval and revenue management.

**Low**

A **low** rating reflects an entity with shared responsibility and accountability with a co-ordinating Government agency for strategic planning, resourcing and recruitment, together with a significant dependence on Government for its funding.

**Independence from Government**

This is a measure of an entity’s autonomy in relation to strategic planning, operations and funding.

The rating definitions are to the left.

Scope of risk

Highest	3. <input type="checkbox"/> High	→	2. <input type="checkbox"/> Moderate	→	1. <input type="checkbox"/> Low	Lowest
---------	----------------------------------	---	--------------------------------------	---	---------------------------------	--------

**High**

A **high** rating applies where an entity’s failure would have a critical, possibly devastating, impact on the State or an industry.

**Moderate**

A **moderate** applies where an entity’s failure would have a significant and direct impact on the reputation of an agency or the entity, with potential flow-on effects to other agencies within a Ministry.

**Low**

Entities with a **low** rating are ones with low risk exposure for the Government and the State. This will likely be entities where the primary accountability rests with a co-ordinating agency and/or the entities’ budgets are largely dependent on another body.

**Scope of Risk**

This reflects the significance of the entity to the State’s economy or growth by, for example, indicating the potential impact of an entity’s failure to provide a service or meet an economic target.

The rating definitions are to the left.

Focus

Highest	4. <input type="checkbox"/> State	→	3. <input type="checkbox"/> Industry	→	2. <input type="checkbox"/> Regional	→	1. <input type="checkbox"/> Local	Lowest
---------	-----------------------------------	---	--------------------------------------	---	--------------------------------------	---	-----------------------------------	--------

**Focus**

An entity’s focus indicates its principal sphere of influence or interest. This can be either at a local or community level, for a geographic region, specific industry or state-wide.

Qualification for appointment

Highest	3. <input type="checkbox"/> Critical	→	2. <input type="checkbox"/> Significant	→	1. <input type="checkbox"/> Moderate	Lowest
---------	--------------------------------------	---	---	---	--------------------------------------	--------

### Critical

A **critical** rating applies when:

- the expected expertise is of the highest professional, technical or management level
- the expected expertise is acquired from long professional, technical or management experience in dealing with complex issues
- the consequence of error in dealing with complex issues is serious, particularly in relation to its impact on the State's economy, its citizens or the Government's reputation.

### Significant

A **significant** rating applies when:

- the expected expertise is gained over many years through dealing with complex policy, economic, industry or demographic issues
- the expected expertise is acquired following tertiary training or university degree equivalence in a profession (including medicine and law), in science, engineering, education, a technical or social sciences area.

### Moderate

A **moderate** rating applies when:

- the expected expertise arises from an individual's maturity, broad experience in an employment or industry sector, or wide community engagement where knowledge has been acquired, primarily through life experience.

## Qualification for appointment

The expertise required of members will vary depending on the governance objectives of the entity. There are three broad strands of expertise - Critical, Significant and Moderate.

The ratings definitions are to the left.

Time commitment of members

Highest	3. <input type="checkbox"/> High	→	2. <input type="checkbox"/> Moderate	→	1. <input type="checkbox"/> low	Lowest
---------	----------------------------------	---	--------------------------------------	---	---------------------------------	--------

### High

A **high** rating applies when the time commitment of members is greater than 3 days per month.

### Moderate

A **moderate** rating applies when the time commitment of members is less than 1 – 3 days per month.

### Low

A **low** rating applies when the time commitment of members is less than 1 day per month.

## Time commitment of members

The length of time members are required to commit to board and committee work can vary from less than one day per month to more than eight days per month. The relative time demand on members is useful in determining the appropriateness of paying the daily rate versus the annual rate. If the time demand is low it may be more appropriate to pay the daily rate.

The rating definitions are to the left.

### 6.4.2 Section 2 – Proposed level and remuneration

*Section 2 – Proposed Level and Remuneration* requires application of the Framework criteria using the ratings entered in *Section 1 Entity Details*, to propose a classification level and remuneration level for the entity.

For this group, the financial profile of an entity is often the key determinant of its level. The anticipated range of financial responsibility for a particular level is generally indicated by the criterion listed as no. ‘i’ for that level. For example, B4-i specifies ‘revenue of \$1 billion to \$3 billion or total assets of between \$2 billion and \$6 billion, financial assets/ investments between \$10 billion and \$40 billion and expenditure of between \$850 million and \$2.5 billion or a combination of these criteria’.

In applying the Framework criteria you should have regard to the characteristics listed on the form together with the entity’s function and nature.

The criteria selected should be indicated on the form and the reasons for that choice outlined in the space provided. The corresponding level of the selected criteria is the proposed level entered on the form.

The Framework will specify a remuneration range for the proposed level and the proposed remuneration indicated on the form must be within the range for the proposed level, below that range, or no fees.

### 6.5 Example request form entries for Group B

Remember that for Group B the financial indicators are often the key determinant for the appropriate level and the greater the financial responsibility the higher the level.

**c. Financial profile**  
Use the information at 1d for the rating. One checkbox per row, in one or more rows as applicable.

	\$10B-\$40B	\$2.5B-\$10B	\$600M-\$2.5B	\$150M-\$600M	< \$150M	

#### Step 1

As a first step, the ratings entered in *Section 1e – Financial Profile* can be used to establish the level.

Here is an example of the ratings entered in this section for a sample entity (highlighted yellow).

*Note, it is not necessary to complete all components of the Financial Profile.*

#### Step 2

Go to the Framework and review the criteria labelled ‘i’ in each level to find a match.

The financial profile in Step 1, best fits the financial indicators for B4-i (highlighted yellow).

B4-i Boards of management overseeing revenue of \$400 million to \$1 billion or total assets of between \$800 million and \$2 billion, financial assets/investments between \$2.5 billion and \$10 billion and expenditure of between \$350 and \$850 million or a combination of these criteria.

*Note: If the financial profile crosses more than one level, the agency would select the level that contained the majority of matching indicators. Eg if the Revenue and Expenditure fit within level B4-i but Total assets fit within B3-i, the agency would select B4-i as it contains the most matching indicators.*

**f. Characteristics rating**

### Step 3

If Step 1 & 2 using the financial ratings are not conclusive, then the next step is to apply the other criteria.

The information entered in *Section 1f - Characteristics* are used for this assessment.

The ratings entered in this section for the same sample entity are to the left (highlighted green).

B4-i Boards of management overseeing revenue of \$400 million to \$1 billion or total assets of between \$800 million and \$2 billion, financial assets/investments between \$2.5 billion and \$10 billion and expenditure of between \$350 and \$850 million or a combination of these criteria.

B4-ii Advisory boards providing key strategic advice to Government on issues of the highest importance to the state working with multiple stakeholders.

B4-iii Some entities classified at level 4 will have a significant degree of influence over the entity's strategy and its implementation, though will often have diminished accountability for the selection and choice of staff of the entity, budget approval and its revenue management or shared accountability in this regard through the authority of a Director-General of a coordinating Government Department.

B4-iv Entities at this level will be engaged in key regional or industry sectors or have a key though not strategic impact on the state's budget though a critical impact in selected sectors, regions or focused communities of importance to the Government, requiring informal but highly focused management of a diversity of stakeholders, where the level of risk is not inconsequential, though capable of recovery within a two year period.

### Step 4

Go to the Framework and review the remaining criteria for level B4. The ratings at Step 3 for *Independence from Government* and *Qualification for appointment* best fit B4-ii and the rating for *Focus* best fits B4-iv (highlighted green).

**Remember, the criteria in each level are of equal importance and one, several or all of the criteria within a level can be used to allocate an entity.**

**a. Proposed level**  
Select only one level, and select one or more of its criteria that best apply.

<input type="checkbox"/> <b>Level B5:</b>	The criteria that best apply are:	<input type="checkbox"/> B5-i	<input type="checkbox"/> B5-ii	<input type="checkbox"/> B5-iii	<input type="checkbox"/> B5-iv

**b. Supporting comments for the proposed level**  
Insert comments to support the proposed level selected at 2a.

The financial characteristics for the (Entity Name) are a definite match with the financial indicators for level B4: Revenue is \$650 million; expenditure \$2.4 billion; Total assets \$2 billion and Staff 8,500. Several other characteristics also support the appropriateness of Level B4. (Entity Name) serves 1,330,00 people across seven local government areas from (location 1) to (location 2), including both rural and suburban communities. (Entity Name) is a key provider of regional health services requiring highly focussed management of diverse stakeholders.

**c. Proposed remuneration**  
Select one option only and insert the \$ amount if applicable.

<input checked="" type="checkbox"/> <b>Annual fee-within the range:</b>	Chair:	\$60,001 per annum	Member:	\$35,001 per annum
<input type="checkbox"/> <b>Annual fee-below the range</b>	Chair:	\$Insert here per annum	Member:	\$Insert here per annum
<input type="checkbox"/> <b>Standard daily sitting fee</b>	Chair:	\$Insert here per day.	Member:	\$Insert here per day
<input type="checkbox"/> <b>Unpaid: No fees applicable</b>				

## Step 5

The next step is to enter the proposed level and remuneration at *Section 2 - Proposed Level and Remuneration*. This section has the following sub sections:

### Section 2 (a) - Proposed level

This section has a checkbox for each level and its criteria. A box is checked for the level to be proposed and for the corresponding criteria that apply to the entity.

### Section 2 (b) - Supporting comments for the proposed level

This section has a free text field to enter comments that demonstrate why the proposed level is appropriate.

### Section c – Proposed remuneration

This section has a checkbox for the available types of remuneration.

Three of the options include a free text field to enter monetary amounts. The monetary amounts must not exceed the maximum of the range specified for that level in the Framework. For Level B4 the specified remuneration range is:

**Chair: \$60,001 to \$80,000 per annum**

**Member: \$35,001 to \$50,000 per annum**

The selections entered in this section for the sample entity are above (highlighted blue).

## 7.4 Explanatory information about the request form

### 7.4.1 Section 1 – Entity Details

**e. Characteristics rating**  
Use the information at 1d. Select one option per row.

**Focus**

Highest	4.	<input type="checkbox"/> State	→	3.	<input type="checkbox"/> Industry	→	2.	<input type="checkbox"/> Regional	→	1.	<input type="checkbox"/> Local	Lowest

---------	----	-------------------------------	---	----	-----------------------------------	---	----	------------------------------	--------

### Section 1e – Characteristics Rating

This section requires information about the entity's focus, expertise and time commitment of members. Further information about each row in this section is provided below.

**Focus**

Highest	4.	<input type="checkbox"/> State	→	3.	<input type="checkbox"/> Industry	→	2.	<input type="checkbox"/> Regional	→	1.	<input type="checkbox"/> Local	Lowest
---------	----	--------------------------------	---	----	-----------------------------------	---	----	-----------------------------------	---	----	--------------------------------	--------

### Focus

An entity's focus indicates its principal sphere of influence or interest. This can be either at a local or community level, for a geographic region, specific industry or state-wide.

Qualification for appointment

Highest 3.  Critical → 2.  Significant → 1.  Moderate Lowest

### Critical

A **critical** rating applies when:

- the expected expertise is of the highest professional, technical or management level
- the expected expertise is acquired from long professional, technical or management experience in dealing with complex issues
- the consequence of error in dealing with complex issues is serious, particularly in relation to its impact on the State’s economy, its citizens or the Government’s reputation.

### Significant

A **significant** rating applies when:

- the expected expertise is gained over many years through dealing with complex policy, economic, industry or demographic issues
- the expected expertise is acquired following tertiary training or university degree equivalence in a profession (including medicine and law), in science, engineering, education, a technical or social sciences area.

### Moderate

A **moderate** rating applies when:

- the expected expertise arises from an individual’s maturity, broad experience in an employment or industry sector, or wide community engagement where knowledge has been acquired, primarily through life experience.

Time commitment of members

Highest 3.  High → 2.  Moderate → 1.  Low Lowest

### High

A **high** rating applies when the time commitment of members is greater than 3 days per month.

### Moderate

A **moderate** rating applies when the time commitment of members is less than 1 – 3 days per month.

### Low

A **low** rating applies when the time commitment of members is less than 1 day per month.

## Qualification for appointment

The expertise required of members will vary depending on the governance objectives of the entity. There are three broad strands of expertise – Critical, Significant and Moderate.

The ratings definitions are to the left.

## Time commitment of members

The length of time members are required to commit to board and committee work can vary from less than one day per month to more than eight days per month. The relative time demand on members is useful in determining the appropriateness of paying the daily rate versus the annual rate. If the time demand is low it may be more appropriate to pay the daily rate.

The rating definitions are to the left.

### 7.4.2 Section 2 – Proposed level and remuneration

*Section 2 – Proposed Level and Remuneration* requires application of the Framework criteria using the ratings entered in *Section 1 Entity Details*, to propose a classification level and remuneration level for the entity.

In applying the Framework criteria you should have regard to the characteristics listed on the form together with the entity’s function and nature.

The criteria selected should be indicated on the form and the reasons for that choice outlined in the space provided. The corresponding level of the selected criteria is the proposed level entered on the form.

The Framework will specify a remuneration range for the proposed level and the proposed remuneration indicated on the form must be within the range for the proposed level, below that range, or no fees.

### 7.5 Example request form entries for Group C

**e. Characteristics rating**  
Use the information at 1d. Select one option per row.

**Focus**

Highest	4. <input checked="" type="checkbox"/> State	→	3. <input type="checkbox"/> Industry	→	2. <input type="checkbox"/> Regional	→	1. <input type="checkbox"/> Local	Lowest

The ratings entered in *Section 1e – Characteristics Rating* can be used to establish the level.

Here is an example of the ratings entered in this section for a sample entity (highlighted yellow).

#### Step 2

Go to the Framework and review the criteria for Group C.

The ratings at Step 3 for *Qualification for*

C3-i Committees which offer independent expert advice to the Minister(s) or Government Agency on specific issues of sectoral significance to the State.

C3-ii Committees which offer strategic or operational scientific, technical or commercial advice in a segment of government activity or industry sector.

C3-iii Committees which advise Government on a key sectoral issue potentially impacting on the State’s economy, the efficient delivery of services or the community’s safety or in areas of social policy or economic welfare.

C3-iv Committees established to provide advice to Government in an area of social welfare, health, education, employment, transport, industry or infrastructure policy.

C3-v Committees which have significant engagement with a NSW regional community or key industry sector or trade/export market.

C3-vi Committees which have significant engagement with key stakeholders on a State-wide and often national basis in a strategic segment of government activity or industry sector.

**Remember, the criteria in each level are of equal importance and one, several or all of the criteria within a level can be used to allocate an entity.**

**a. Proposed level**  
Select only one level, and select one or more of its criteria that best apply.

<input type="checkbox"/> <b>Level C6:</b>	The criteria that best apply are:	<input type="checkbox"/> C6-i	<input type="checkbox"/> C6-ii

### Section 1e – Characteristics Rating

This section requires information about the entity's power exercised, focus, expertise and time commitment of members. Further information about each row in this section is provided below.

### Power exercised

This reflects the nature and finality of the entity's power.

The rating definitions are to the left.

**Determinative and adjudicative**  
Powers are final and not appealable to higher body.

**Appealable**  
Powers allow for appeal to a higher body.

**Investigative and review**  
Powers influence aspects of Government policy.

**Monitoring**  
Entities with **monitoring** powers provide advice on regulation or statutory provisions but have limited scope or influence.

### Focus

An entity's focus indicates its principal sphere of influence or interest.

This can be either at a local or community level, for a geographic region, specific industry or state-wide.

Qualification for appointment

Highest 3.  Critical → 2.  Significant → 1.  Moderate Lowest

### Critical

A **critical** rating applies when:

- the expected expertise is of the highest professional, technical or management level
- the expected expertise is acquired from long professional, technical or management experience in dealing with complex issues
- the consequence of error in dealing with complex issues is serious, particularly in relation to its impact on the State's economy, its citizens or the Government's reputation.

### Significant

A **significant** rating applies when:

- the expected expertise is gained over many years through dealing with complex policy, economic, industry or demographic issues
- the expected expertise is acquired following tertiary training or university degree equivalence in a profession (including medicine and law), in science, engineering, education, a technical or social sciences area.

### Moderate

A **moderate** rating applies when:

- the expected expertise arises from an individual's maturity, broad experience in an employment or industry sector, or wide community engagement where knowledge has been acquired, primarily through life experience.

Time commitment of members

Highest 3.  High → 2.  Moderate → 1.  Low Lowest

### High

A **high** rating applies when the time commitment of members is greater than 3 days per month.

### Moderate

A **moderate** rating applies when the time commitment of members is less than 1 – 3 days per month.

### Low

A **low** rating applies when the time commitment of members is less than 1 day per month.

## Qualification for appointment

The expertise required of members will vary depending on the governance objectives of the entity. There are three broad strands of expertise – Critical, Significant and Moderate.

The ratings definitions are to the left

## Time commitment of members

The length of time members are required to commit to board and committee work can vary from less than one day per month to more than eight days per month. The relative time demand on members is useful in determining the appropriateness of paying the daily rate versus the annual rate. If the time demand is low it may be more appropriate to pay the daily rate.

The rating definitions are to the left.

### 8.4.2 Section 2 – Proposed level and remuneration

*Section 2 – Proposed Level and Remuneration* requires application of the Framework criteria using the ratings entered in *Section 1 Entity Details*, to propose a classification level and remuneration level for the entity.

In applying the Framework criteria you should have regard to the characteristics listed on the form together with the entity’s function and nature.

The criteria selected should be indicated on the form and the reasons for that choice outlined in the space provided. The corresponding level of the selected criteria is the proposed level entered on the form.

The Framework will specify a remuneration range for the proposed level and the proposed remuneration indicated on the form must be within the range for the proposed level, below that range, or no fees.

## 8.5 Example request form entries for Group D

**e. Characteristics rating**  
Use the information at 1d. Select one option per row.

**Power exercised**

Highest	4. <input type="checkbox"/> Determinative & adjudicative	→	3. <input type="checkbox"/> Appealable	→	2. <input checked="" type="checkbox"/> Investigative/review	→	1. <input type="checkbox"/> Monitoring	Lowest

---------	---	---	--------------------------------------	---	---------------------------------	--------

### Step 1

The ratings entered *Section 1e – Characteristics Rating* can be used to determine the level.

Here is an example of the ratings entered in this section for a sample entity (highlighted yellow).

D2-ii Boards, Commissions, Tribunals, Regulators or Quasi-Judicial bodies which regulate sectors of the health profession or other standards of importance in the community, address complaints regarding the conduct of a professional or practice but to a lesser extent than bodies included in level 3.

D2-iii Boards, Commissions, Tribunals, Regulators or Quasi-Judicial bodies which set educational and other standards for the registration of persons (other than medical practitioners) to practice in the health and community services sector.

D2-iv Boards, Commissions, Tribunals, Regulators or Quasi-Judicial bodies which conduct examinations and issue or impose conditions on the practice of a particular occupation.

D2-v Boards, Commissions, Tribunals, Regulators or Quasi-Judicial bodies which exercise regulatory powers which influence key aspects of an industry’s operations or conduct.

D2-vi Boards, Commissions, Tribunals, Regulators or Quasi-Judicial bodies which investigative and review powers with influence on a specific aspect of Government policy or a particular industry.

D2-vii Boards of statutory authorities with governing or regulatory functions which have a state-wide impact but with a limited focus.

**Remember, the criteria in each level are of equal importance and one, several or all of the criteria within a level can be used to allocate an entity.**

### Step 2

Go the Framework and review the criteria for Group D.

The ratings at Step 1 for *Power exercised* and *Focus* best fit D2-ii (highlighted green).

**a. Proposed level**  
Select only one level, and select one or more of its criteria that best apply.

**Level D5:** *The criteria that best apply are:*  D5-i  D5-ii  D5-iii  D5-iv  D5-v  D5-vi  D5-vii

**Level D4:** *The criteria that best apply are:*  D4-i  D4-ii  D4-iii  D4-iv  D4-v  D4-vi

**Level D3:** *The criteria that best apply are:*  D3-i  D3-ii  D3-iii  D3-iv

**Level D2:** *The criteria that best apply are:*  D2-i  D2-ii  D2-iii  D2-iv  D2-v  D2-vi  D2-vii

**Level D1:** *The criteria that best apply are:*  D1-i  D1-ii  D1-iii

**b. Supporting comments for the proposed level**  
Insert comments to support the proposed level selected at 2a.

The (Entity Name) deals with appeals and complaints of professional misconducts by (name of allied health professional) eg hearing an appeal against the cancellation of registration by another body. The (Entity Name) hears matter in an informal manner and may also conduct inquiries into complaints referred by another body. These characteristics best fit with D2-ii.

**c. Proposed remuneration**  
Select one option only and insert the \$ amount if applicable.

<input checked="" type="checkbox"/> <b>Annual fee-within the range:</b>	Chair:	\$20,000 per annum	Member:	\$10,000 per annum
<input type="checkbox"/> <b>Annual fee-below the range</b>	Chair:	\$Insert here per annum.	Member:	\$Insert here per annum
<input type="checkbox"/> <b>Standard daily sitting fee</b>	Chair:	\$Insert here per day.	Member:	\$Insert here per day
			Legal Member:	\$Insert here per day
<input type="checkbox"/> <b>Unpaid: No fees applicable</b>				

### Step 3

The next step is to enter the proposed level and remuneration at *Section 2 - Proposed Level and Remuneration*. This section has the following sub sections:

#### Section 2 (a) - Proposed level

This section has a checkbox for each level and its criteria. A box is checked for the level to be proposed and for the corresponding criteria that apply to the entity.

#### Section 2 (b) - Supporting comments for the proposed level

This section has a free text field to enter comments that demonstrate why the proposed level is appropriate.

#### Section c – Proposed remuneration

This section has a checkbox for the available types of remuneration.

Three of the options include a free text field to enter monetary amounts. The monetary amounts must not exceed the maximum of the range specified for that level in the Framework. For Level D2 the specified remuneration range is:

**Chair: Up to \$20,000 per annum or Daily fee up to acting judicial rates for legal Members or up to \$1,000 for other Members.**

**Member: Up to 10,001 per annum or Daily fee up to acting judicial rates for legal Members or up to \$500 for other Members**

The selections entered in this section for the sample entity are above (highlighted blue).

---------	----	--------------------------------	---	----	-----------------------------------	---	----	-----------------------------------	---	----	--------------------------------	--------

### Focus

An entity's focus indicates its principal sphere of influence or interest. This can be either at a local or community level, for a geographic region, specific industry or state-wide.

### Critical

A **critical** rating applies when:

- the expected expertise is of the highest professional, technical or management level
- the expected expertise is acquired from long professional, technical or management experience in dealing with complex issues
- the consequence of error in dealing with complex issues is serious, particularly in relation to its impact on the State’s economy, its citizens or the Government’s reputation.

### Significant

A **significant** rating applies when:

- the expected expertise is gained over many years through dealing with complex policy, economic, industry or demographic issues
- the expected expertise is acquired following tertiary training or university degree equivalence in a profession (including medicine and law), in science, engineering, education, a technical or social sciences area.

### Moderate

A **moderate** rating applies when:

- the expected expertise arises from an individual’s maturity, broad experience in an employment or industry sector, or wide community engagement where knowledge has been acquired, primarily through life experience.

### High

A **high** rating applies when the time commitment of members is greater than 3 days per month.

### Moderate

A **moderate** rating applies when the time commitment of members is less than 1 – 3 days per month.

### Low

A **low** rating applies when the time commitment of members is less than 1 day per month.

## Qualification for appointment

The expertise required of members will vary depending on the governance objectives of the entity. There are three broad strands of expertise – Critical, Significant and Moderate.

The ratings definitions are to the left.

## Time commitment of members

The length of time members are required to commit to board and committee work can vary from less than one day per month to more than eight days per month. The relative time demand on members is useful in determining the appropriateness of paying the daily rate versus the annual rate. If the time demand is low it may be more appropriate to pay the daily rate.

The rating definitions are to the left.

### 9.4.2 Section 2 – Proposed level and remuneration

Section 2 – Proposed Level and Remuneration requires application of the Framework criteria using the ratings entered in Section 1 Entity Details, to propose a classification level and remuneration level for the entity.

In applying the Framework criteria you should have regard to the characteristics listed on the form together with the entity’s function and nature.

The criteria selected should be indicated on the form and the reasons for that choice outlined in the space provided. The corresponding level of the selected criteria is the proposed level entered on the form.

The Framework will specify a remuneration range for the proposed level and the proposed remuneration indicated on the form must be within the range for the proposed level, below that range, or no fees.

### Step 1

The ratings entered Section 1e – Characteristics Rating can be used to determine the level.

Here is an example of the ratings entered in this section for a sample entity (highlighted yellow).

E4-i Boards and Committees which set educational and other standards for the registration of professional practitioners and deal with serious complaints concerning unprofessional conduct.

E4-ii Boards and Committees which exercise investigative or review powers which influence aspects of Government policy with respect to registration, licensing and accreditation.

E4-iii Boards and Committees which exercise a key influence on Government or industry registration or accreditation in a strategic area of government service or economic activity.

### Step 2

Go to the Framework and review the criteria for Group E.

The ratings at Step 1 for Role and Focus best fit E4-iii (highlighted green).

**Remember, the criteria in each level are of equal importance and one, several or all of the criteria within a level can be used to allocate an entity.**

**a. Proposed level**  
Select only one level, and select one or more of its criteria that best apply.

<input checked="" type="checkbox"/> <b>Level E4:</b>	The criteria that best apply are:	<input type="checkbox"/> E4-i	<input type="checkbox"/> E4-ii	<input checked="" type="checkbox"/> E4-iii		
<input type="checkbox"/> <b>Level E3:</b>	The criteria that best apply are:	<input type="checkbox"/> E3-i	<input type="checkbox"/> E3-ii	<input type="checkbox"/> E3-iii		
<input type="checkbox"/> <b>Level E2:</b>	The criteria that best apply are:	<input type="checkbox"/> E2-i	<input type="checkbox"/> E2-ii	<input type="checkbox"/> E2-iii	<input type="checkbox"/> E2-iv	<input type="checkbox"/> E2-v
<input type="checkbox"/> <b>Level E1:</b>	The criteria that best apply are:	<input type="checkbox"/> E1-i	<input type="checkbox"/> E1-ii	<input type="checkbox"/> E1-iii		

**b. Supporting comments for the proposed level**  
Insert comments to support the proposed level selected at 2a.

The (Entity Name) has a key influence on the building industry through regulating and educating building and subdivision certifiers through independent and rigorous accreditation and audit processes. Criteria E4-iii is the best fit.

**c. Proposed remuneration**  
Select one option only and insert the \$ amount if applicable.

<input checked="" type="checkbox"/> <b>Annual fee-within the range:</b>	Chair:	\$50,001 per annum	Member:	\$20,001 per annum
<input type="checkbox"/> <b>Annual fee-below the range</b>	Chair:	\$Insert here per annum	Member:	\$Insert here per annum
<input type="checkbox"/> <b>Standard daily sitting fee</b>	Chair:	\$Insert here per day	Member:	\$Insert here per day
<input type="checkbox"/> <b>Unpaid: No fees applicable</b>				

### Step 3

The next step is to enter the proposed level and remuneration at *Section 2 - Proposed Level and Remuneration*. This section has the following sub sections:

#### Section 2 (a) - Proposed level

This section has a checkbox for each level and its criteria. A box is checked for the level to be proposed and for the corresponding criteria that apply to the entity.

#### Section 2 (b) - Supporting comments for the proposed level

This section has a free text field to enter comments that demonstrate why the proposed level is appropriate.

#### Section c – Proposed remuneration

This section has a checkbox for the available types of remuneration.

Three of the options include a free text field to enter monetary amounts. The monetary amounts must not exceed the maximum of the range specified for that level in the Framework. For Level E4 the specified remuneration range is:

**Chair: \$50,001 to \$85,000 per annum**

**Member: \$20,001 to \$55,000 per annum**

The selections entered in this section for the sample entity are above (highlighted blue).
